Our Principal's Desk

ACHARIYA Arts and Science College, throughout its glorious history, has played a pivotal role in imparting education in the field of Arts and science. It provides technology-based integrated and inclusive education in a disciplined, dynamic, vibrant and hygienic environment. We try to nurture students with adequate emphasis on all the three aspects of integrated education e.g., physical, intellectual, and value education.

ACHARIYA Arts and Science College provides all facilities like Library, Computers, Internet, Laboratories, Language Lab and Sports activities to meet the needs of the new upgraded pattern of education under the Choice Based Credit System (CBCS). The hostel facility is provided with wholesome nutritious food and care. Buses ply on specific routes, enabling the students from different parts of the city to reach the college on time. Besides infrastructure, college is valued for its academic rigor, in particular the delivery of student-centric content. We promote continuous engagement between college and industry to produce graduates prized by the industry.

With best wishes,
Dr. R. Ushadevi
Principal
